## **Cheyenne Aquatic Center Closed for Main Pool Shell Replacement Project**

**CHEYENNE** – The Cheyenne Aquatic Center will be closed starting October 16, 2020 at noon for a pool shell replacement project on the main pool of the facility. We strived to keep the facility open to the public as long as possible with an unknown start date until all signed documents were received and accepted by the City. We hope the project will run smooth and the Cheyenne Aquatic Center will reopen as soon as the project is completed. For up to date information please visit [www.cheyennerec.org](http://www.cheyennerec.org) or follow Cheyennerec on Facebook.
